About POWERBALL

It's America's Game! Since 1992, POWERBALL[®] has inspired the country with a chance to become a millionaire, while raising nearly \$22 billion for good causes supported by lotteries. POWERBALL set a world record jackpot of \$1.586 billion in January 2016. The record prize was shared by winners in California, Florida and Tennessee.

POWERBALL tickets are \$2 per play. Tickets are sold in 44 states, the District of Columbia, Puerto Rico and the U.S. Virgin Islands. Drawings are broadcast live every Wednesday and Saturday at 10:59 p.m. ET from the Florida Lottery draw studio in Tallahassee. More than half of all proceeds from the sale of a POWERBALL ticket remain in the jurisdiction where the ticket was sold.

POWERBALL jackpots start at \$40 million and increase by a minimum of \$10 million per draw until the jackpot is won. Players select five numbers from 1 to 69; and one POWERBALL number from 1 to 26. Players can multiply non-jackpot prizes by 2, 3, 4, 5 or 10 times with the POWERPLAY[®] option for an additional \$1 per play. *NOTE: The Match 5 + POWERPLAY prize is always \$2 million. The 10X multiplier is only in play when the advertised jackpot is \$150 million or less.*

POWERBALL jackpot winners may choose to receive their prize as an annuity, paid in 30 graduated payments over 29 years, or a lump sum payment. Both advertised prize options are prior to federal and jurisdictional taxes.

The overall odds of winning a prize are 1 in 24.9. The odds of winning the jackpot are 1 in 292.2 million.
